

TAIYO LTD.
TERMS & CONDITIONS OF PURCHASE-COMMERCIAL

- 1. ACCEPTANCE AND AMENDMENTS:** This purchase order constitutes an offer by TAIYO Ltd. ("Parker") to purchase from supplier ("Supplier") the goods and/or services referenced in this purchase order exclusively under these terms and conditions. Parker and Supplier are individually referred to as a "Party" and collectively as the "Parties". Acceptance of this purchase order is expressly limited to these terms and conditions. No amendment, modification, or waiver of any of these terms and conditions shall be effective against Parker except as shall be set forth in writing duly executed by Parker. Terms and/or conditions proposed by Supplier in its acceptance or otherwise which are additional to or different from these terms and conditions are objected to without further notification from Parker and shall not become a part of this purchase order. All specifications, drawings, and other data referred to in this purchase order are hereby made a part of the purchase order as if fully set forth herein. If this purchase order shows on its face that it is placed under a U.S. Government contract or subcontract or if Parker otherwise notifies Supplier that this purchase order is placed under a U.S. Government contract or a subcontract, certain clauses of the Federal Acquisition Regulation (FAR) (48 CFR Chapter 2) and the Department of Defense FAR Supplement (DFARS) apply. These clauses are incorporated herein by reference, and they are contained in Parker's current form TCP-GS, entitled "Terms and Conditions of Purchase - Government Supplement" which is also incorporated by this reference and can be found at www.parker.com/termsandconditions/govtsupplement. Supplier's use of subcontractors, whether selected, directed or approved by Supplier, Parker or Parker's customer, to fulfill this purchase order shall not excuse Supplier of its obligations or requirements to Parker under this purchase order. This purchase order shall be deemed accepted by Supplier and shall constitute the entire agreement between the Parties with respect to the subject matter hereof upon any of the following: (a) Supplier's acceptance of the purchase order; (b) Supplier's commencement of performance; (c) Supplier's acceptance of any payment under this purchase order; or (d) Supplier's failure to deliver written notice of rejection of this purchase order to Parker within ten (10) days of receipt of this purchase order.
- 2. PRICES AND PACKAGING:** Supplier's prices include: the cost of packaging the goods purchased in a manner suitable for shipment by the method specified by Parker, all taxes, fees and/or duties applicable to the goods and/or services, provided that any value added tax (including applicable Japanese consumption tax) ('VAT') and/or similar tax that is recoverable by Parker will not be included in Supplier's price but will be separately identified on Supplier's invoice. Supplier will package, mark, and ship all goods in accordance with the requirements of this purchase order, good commercial practices, and in a manner, which will permit the securing of the best transportation rates. Damage to any article resulting from improper packaging will be charged to the Supplier. No additional charges will be allowed for containers, crating, boxing, bundling, dunnage, drayage, storage, or transportation thereof, unless stated in this purchase order. Packing slips must accompany all shipments. Parker's count will be accepted as final and conclusive on all shipments. Parker's purchase order number and Supplier's packing slip number, description, and count must appear on all invoices, packages, and bills of lading.
- 3. DELIVERY:** Supplier will make all deliveries in accordance with FCA Supplier's Facility (INCOTERMS 2020), with title to goods transferring upon delivery to Parker, or upon delivery to Parker's designated drop-ship location, unless other delivery instructions or arrangements are agreed between Parker and the Supplier. Supplier acknowledges that Parker requires on-time delivery to operate its plants, therefore time is of the essence. Supplier will be responsible for all damages resulting from Supplier's failure to make timely or conforming deliveries of goods, including, but not limited to, costs Parker incurs for the correction of goods with quality problems and costs Parker incurs in connection with Parker's machining and/or assembly line downtime. If Supplier's delivery of the goods or services is not made in the quantities and at the times specified herein, Parker reserves the right without liability and in addition to any other rights and remedies at law, contract or otherwise, to cancel the purchase order and to procure substitute goods or services and charge Supplier with any loss incurred including lost profits and special damages. Parker will have the right to reject any goods or services which are tendered by Supplier in advance of the date scheduled for delivery, to accept early delivery of goods or services and defer payment until after the scheduled delivery date or to accept early delivery of goods and place such goods in storage at Supplier's expense until the scheduled delivery date. Parker may return any over shipments to Supplier at Supplier's risk and expense.

Supplier will deliver in accordance with the delivery date(s) specified in this purchase order or, if a delivery date or dates are not specified, then only as authorized in shipment releases issued by Parker. Supplier will treat Parker as a preferred customer and, as such, Parker schedules are to be given priority. Supplier will promptly notify Parker in writing of any potential or anticipated delivery delays or supply interruptions and Supplier will arrange, at Parker's option and at locations acceptable to Parker, for advance deliveries or warehousing of goods.
- 4. FORCE MAJEURE:** Neither Party will be considered in default of performance under this purchase order or any agreement to the extent that performance of such obligation is delayed or prevented by fire, flood, earthquake or natural disasters, riot, war, terrorism, civil strife, pandemics, epidemics or other public health emergency/ies,

governmental regulations, or any other event beyond a Party's reasonable control and occurs without the applicable Party's fault or negligence (a "Force Majeure Event"). Material shortages or other supply chain issues are not considered a Force Majeure Event. As soon as possible, but not later than one (1) day after the determination that a Force Majeure Event will cause a delay in the supply of goods or services, Supplier will provide written notice to Parker describing any anticipated delays in its performance due to the Force Majeure Event and advising Parker of the anticipated duration of the delay, actions Supplier is taking to mitigate the delay, and the time that the delay will be cured. During the delay or failure to perform by Supplier, Parker may at its option (i) purchase goods and/or services from other sources and reduce its releases or quantities set forth in the purchase order to Supplier by such quantities, without liability to Supplier; (ii) require Supplier to deliver to Parker all or any portion of the finished goods and/or services, work-in-process and/or parts and materials produced or acquired for work under the purchase order; or (iii) require Supplier to provide goods and/or services of equal quality from other sources in quantities and at a time requested by Parker and at the prices set forth in the purchase order. If, upon the request of Parker, Supplier fails to provide adequate assurance that any delay will not exceed thirty (30) days, or if any delay lasts longer than thirty (30) days, Parker may terminate any purchase order, release, or agreement, in whole or in part, without liability and Supplier will reimburse Parker for costs associated with the termination. Supplier will use all diligent efforts to ensure that the effects of any such Force Majeure Event are minimized and, as promptly as possible, resume full performance. If Supplier's delay or default is caused by a delay or default of a subcontractor or sub-supplier, such delay or default will be excused only if it arose out of a Force Majeure Event and was beyond the control of both Supplier and the subcontractor or sub-supplier and without the fault or negligence of either, and the goods and/or services were not obtainable from other sources in sufficient time to meet the required delivery or performance schedule. Parker will not be liable for failure to accept any part of the goods and/or services purchased hereunder if such failure is the result of any cause beyond the control of Parker including without limitation, fires, floods, acts of God, strikes, differences with employees, casualties, delays in transportation, inability to obtain necessary materials, utility services for machinery, or total or partial shutdown of Parker's facilities for any cause.

5. CHANGES: Parker reserves the right at any time prior to any of the delivery dates set forth in this purchase order by written notice to Supplier to make changes to the drawings, designs, or specifications of the goods and/or services ordered, the method of packaging and shipping, the time, place or method of delivery, the quantity of goods ordered, or the work or services covered hereby. If any such changes affect Supplier's cost and/or delivery schedule, Supplier will notify Parker immediately, and, in the case of an increase in Supplier's cost, within twenty (20) days of such notice Supplier will submit a detailed cost break-down comparing original requirements and costs to the changed requirements and costs. The Parties will then discuss an equitable adjustment in purchase order price, delivery schedule, or both; however, no adjustment will be binding on Parker unless evidenced by one of the following: a new purchase order, a change notice, or a revision to this purchase order duly executed by Parker. Nothing in this Section 5 shall excuse Supplier from immediately proceeding with this purchase order as changed.

6. REJECTION/REVOCATION: Payment for any goods and/or services under this purchase order shall not constitute acceptance thereof, and Parker reserves the right to inspect all goods and/or services purchased hereunder at Parker's discretion and at Parker's option and to reject nonconforming goods and/or services or revoke acceptance of nonconforming goods and/or services. For the avoidance of doubt, Parker will not have a duty to inspect the good and/or services supplied by Supplier. At Parker's option and at Supplier's risk and expense, Parker may, at any time after delivery or supply by Supplier, return nonconforming goods to Supplier, require Supplier to grant a full refund or credit to Parker for nonconforming goods and/or services, hold nonconforming goods for disposition by Supplier, require Supplier to reperform the work or rework nonconforming goods and/or services to correct nonconformities. Unless otherwise agreed, replacement of any nonconforming or defective good will be accomplished by Supplier within 24 hours of Supplier's receipt of notification of the nonconformance or defect, and re-performance of any nonconforming or defective service will be accomplished promptly.

In the event of multiple nonconforming goods and/or services, Supplier will, within twenty-four (24) hours from notice from Parker, submit a written corrective action report to Parker. Such report shall identify the root cause of the nonconformance, identify the affected goods and/or services and communicate a corrective action plan for Parker's review and approval.

Acceptance of any part of the goods and/or services ordered hereunder shall not bind Parker to accept other parts of the goods and/or services, including any future shipments, or waive its right to revoke acceptance of goods previously delivered or services previously performed.

7. SUPPLIER'S WARRANTIES: Supplier warrants that all goods and/or services provided, whether by Supplier or its subcontractors or sub-suppliers, will: (i) be new; (ii) be free from all defects in design, workmanship, material and title, and Supplier will cause any lien or encumbrance asserted to be discharged, at its sole cost and expense, within 15 calendar days of its assertion (provided such liens do not arise out of Parker's failure to pay amounts not in dispute under the purchase order); (iii) be provided in strict accordance with all requirements, regulations, codes,

instructions, standards, drawings, design, specifications and other requirements approved or provided by Parker; (iv) be provided/performed in a competent and professional manner in accordance with the highest standards and best practices that apply in Supplier's industry. Supplier further warrants that the goods and/or services provided, and any deliverables created during the performance of the services do not infringe any intellectual property right of a third party and are not subject to any license or any other obligations or conditions that would affect Parker's use or resale thereof. Supplier represents and warrants that Supplier has the legal right and power to assign to Parker and its affiliates the ownership of any such deliverables without violating any rights of any third party and Supplier hereby assigns ownership of all intellectual property or other proprietary rights in and to any such deliverables to Parker and its affiliates.

Supplier agrees that these warranties will survive acceptance of the goods and/or services. The warranties stated in this Section 7 will also apply to any repaired or replaced goods or reperfomed services and, in all cases, are hereby extended to, and shall inure to the benefit of, Parker and Parker's affiliates, subsidiaries, successors, assigns, and direct and indirect customers to whom the goods and services provided hereunder may be sold or transferred (jointly and severally "Parker Entities").

In the event of breach of warranty, Parker will be entitled to all rights and remedies available at law, contract or otherwise, including but not limited to, at Parker's option and at no additional cost to Parker: (i) credit, (ii) replacement or repair of defective goods, (iii) reperformance of services; (iv) recoupment of any costs and expenses of removal of the goods from any component, assembly or system; (v) reinstallation of non-defective goods, (vi) recoupment of any other costs or expenses for return of the goods; and (vii) recoupment of any other costs, expenses, damages or losses caused by or related to the defective goods or services. Supplier will also reimburse Parker for any incidental and consequential damages caused by such nonconforming goods and/or services including, but not limited to costs, expenses, damages and losses incurred by Parker: (a) in inspecting, sorting, repairing, or replacing such goods or services; (b) resulting from any production interruptions; (c) conducting any recall campaigns or other corrective actions; and (d) claims for personal injury or property damage.

- 8. PARKER'S PROPERTY:** Unless otherwise expressly provided in this purchase order, all Special Property (as defined below in this paragraph), and all tangible and intangible property furnished to Supplier by Parker or based on or derived from Parker's confidential or otherwise proprietary information, or produced or purchased by Supplier at Parker's expense, for use in Supplier's performance hereunder, and any replacement thereof, is and shall remain the exclusive property of Parker. For purposes of this purchase order, "Special Property" includes without limitation, dies, fixtures, molds, patterns, gauges, test equipment, information, or similar items used in Supplier's performance of this purchase order that are especially acquired for Supplier's performance hereunder or of such specialized nature that absent substantial alteration, their use is limited to the production of the goods or the rendering of the services referenced in this purchase order. Absent express agreement to the contrary, the amounts charged by Supplier pursuant to this purchase order will include payment for all Special Property. Hereinafter Special Property and all property furnished to Supplier by Parker are collectively referred to as "Parker's Property." Supplier will not sell, encumber, transfer, assign, dispose of, or modify Parker's Property and will not use Parker's Property for any purpose other than in the performance of this purchase order without Parker's prior written consent.

At all times while Parker's Property is in Supplier's custody or control, Parker's Property will be held at Supplier's risk and will be fully insured at Supplier's expense at replacement cost payable to Parker, and Supplier will provide routine maintenance at its expense.

Supplier agrees that Parker's Property will remain separate and a label will be affixed stating it is Parker's Property and will not become a fixture attached to realty. Supplier will allow Parker's representative to inspect Parker's Property at any time upon reasonable notice. At any time upon the request of Parker and in accordance with Parker's instructions, Supplier will prepare for shipment, package and deliver Parker's Property in good condition and at Supplier's cost.

- 9. INSURANCE:** Supplier represents that it has and will maintain the following types and amounts of insurance coverage and agrees to furnish certificates of insurance showing that Supplier has insurance coverage in the following minimum amounts:

- Workers Compensation – Statutory limits for the state(s) in which the work will be performed
- General/Products Liability – \$2,000,000 per occurrence with an Umbrella Liability – minimum \$5,000,000
- Automobile Liability – \$1,000,000 (per any one accident) – Required only when Supplier's vehicle will enter any of Parker's premises or for the provision of transportation services; and
- Aircraft Product Liability – \$10,000,000 Aggregate – Required only when this is a purchase order for the

provision of goods for use on an aircraft or in the aerospace market.

Said certificates of insurance will set forth the amount of coverage, the number of the policy and the date of expiration. Upon Parker's request, Supplier will name Parker or the Parker Entities as an additional insured on its policies. Compliance by Supplier with the insurance requirements stated in this Section 9 will not in any way affect Supplier's duty to indemnify Parker under Section 10 herein.

10. INDEMNIFICATION: Supplier agrees to indemnify, defend, and hold Parker Entities, and their respective directors, officers, employees, and agents (together "Indemnitees") harmless from and against any and all losses, liabilities, damages, claims, awards, demands, judgments, settlements, fines, suits, actions, proceedings, subrogation claims, costs and expenses, including court costs and attorney's fees, whether arising out of contract, tort, strict liability, warranty, or otherwise, (collectively "Damages") incurred in connection with: (i) the design, manufacture, sale or use of the goods and/or services; (ii) goods delivered or services or labor performed pursuant to this purchase order; (iii) performance or failure to perform its obligations under this purchase order; or (iv) Supplier's failure to comply with applicable laws, orders, rules, regulations, codes, directives, ordinances and conventions ("Laws") or applicable standards.

If Supplier's employees, subcontractors, or sub-suppliers perform any work on the premises of any Parker Entity or utilize any of Parker's Property, whether on or off the premises of any Parker Entity, Supplier will indemnify and hold harmless Parker Entities and their respective officers, directors, employees, and agents from and against any Damages to Parker's Property or for injuries (including death) to any person, including without limitation any employees of Parker Entities, arising from or in connection with Supplier's performance of work or use of Parker's Property. Supplier's obligations pursuant to this Section 10 shall survive the completion of performance and the expiration or termination of this purchase order.

Supplier further agrees, upon receipt of notification, to promptly assume full responsibility for the defense of any claims brought against the Indemnitees, and in such event, Supplier will not consummate any settlement without Parker's prior written consent. The failure of Parker to provide Supplier with prompt notice does not relieve Supplier of its obligations under this Section 10 unless such failure to promptly notify Supplier causes irreparable harm. Parker has the right to participate in the defense of any claim through counsel of its own choosing.

Supplier agrees upon receipt of notification, to promptly assume full responsibility for defending any claim, suit, action, or proceeding which may be brought against the Parker Entities or any of the Indemnitees which alleges that any goods and/or services provided by Supplier pursuant to this purchase order infringe any patent, trademark, copyright, trade secret, or other proprietary right owned by a third party. Supplier further agrees to indemnify Parker against all expenses, losses, royalties, lost profits, and damages, including court cost and attorney's fees, resulting from such claim, suit, action, or proceeding, including any settlement, decree, or judgment entered therein. Parker may at its option, be represented and actively participate through its own counsel in any such claim, suit, action or proceeding. Supplier's obligations pursuant to this Section 10 shall survive the completion of performance and expiration or termination of this purchase order. Notwithstanding the foregoing, Supplier will have no obligation to defend or indemnify Parker with respect to any claim which is directed to items delivered pursuant to this purchase order, the designs for which were specified entirely by Parker.

11. AUDITS, INVESTIGATIONS: Supplier agrees that its books, records, and accounts will accurately and fairly reflect all transactions of Supplier and shall be maintained in accordance with Laws and Generally Accepted Accounting Principles. Parker will have the right to perform audits and inspections of Supplier's facilities, records, books, costs, and other items related to the terms of this purchase order. Supplier will, upon reasonable request and during normal business hours, make available for examination and reproduction by Parker or its authorized agents, such facilities, costs, books, records, and other items of Supplier as may be necessary to verify compliance with all relevant specifications, drawings, designs, Laws, and standards to enable Parker to comply with its customer obligations, and to perform such audit. Audits may be performed while this purchase order is in effect or within one year after its termination. Further, should Supplier or Supplier's employees, sub-contractors or sub-suppliers in any way be involved in any investigation being performed by or on behalf of Parker, such as investigations in respond to government inquiries or alleged compliance failures, Supplier and Supplier's employees, sub-contractors and sub-suppliers shall cooperate with Parker in such investigation.

12. REMEDIES: Parker's remedies described herein will be cumulative and in addition to any remedies allowed by law. Parker may, at any time, debit, deduct, or set-off money owed, due, or to become due to Supplier from Parker under this purchase order as recovery for any claims that Parker has or may have against Supplier arising out of this purchase order or any other agreement between the Parties.

13. CONFIDENTIAL INFORMATION, PROPRIETARY RIGHTS: All information (including but not limited to, trade secrets, drawings, plans, designs, specifications, manufacturing processes or techniques, research and

development data, inventions, know-how, processes, procedures, costs, suppliers, methods, sales, customer information and lists, financial data, and business plans) relating to this purchase order or to the goods and/or services to be provided hereunder which has been disclosed to Supplier by or on behalf of Parker (whether such information is owned by Parker or by any other entity with whom Parker is doing business) or which will be developed in the course of Supplier's performance under this purchase order specifically for Parker (collectively referred to as "Information"), has been and will be received and held by Supplier in confidence. Supplier will not disclose the Information to others and will not use the Information for any purpose other than for the direct benefit of Parker. Supplier will acquire no right in or to such Information. Supplier will promptly return the Information to Parker and discontinue all use of the Information upon expiration or termination of this purchase order or at Parker's written request. Supplier will not disclose to Parker or use in the course and scope of Supplier's performance hereunder any information of other entities that Supplier does not have a lawful right to use or disclose. Supplier will limit access to the Information to only those employees of Supplier having a need to know such Information, and all such employees of Supplier having access to Information will be made aware of and agree to the obligations under this Section 13.

Any invention, development, or copyrightable subject matter conceived, first reduced to writing, first reduced to practice, or made by Supplier, either solely or with others, in the course of Supplier's performance under this purchase order (including the rights under Articles 27 and 28 of the Copyrights Act of Japan) is hereby assigned to Parker if such invention or development or copyrightable subject matter (i) results from services for Parker, or (ii) is made using Parker's time, materials, facilities, or Information. All such copyrightable subject matter will be a work made for hire. Supplier will disclose such inventions, developments, or copyrightable subject matter promptly to Parker and will cooperate with Parker during and after the term of this purchase order in filing and prosecuting any patent or copyright applications thereon and in evidencing ownership thereof by Parker. Supplier agrees that the payments pursuant to this purchase order are full and complete compensation for all obligations assumed by Supplier hereunder, and the assignment of inventions, developments, or copyrightable subject matter does not entitle Supplier to any additional compensation. The obligations of this Section 13 shall survive the completion of performance and expiration or termination of this purchase order.

14. SECURITY OF INFORMATION: Supplier agrees to: (i) develop, implement, maintain, monitor, and update a reasonable, written security program incorporating administrative, technical, organizational and physical safeguards, security measures, and security awareness, and (ii) install and implement security hardware and software, in each case, designed to (A) protect the security, availability, and integrity of Supplier's network, systems, and operations; the goods and services; and Parker Information from unauthorized access and use; (B) guard against security incidents; and (C) satisfy requirements as set forth in a generally accepted cybersecurity framework, such as ISO/IEC 27001 or NIST 800-53 to establish a resilient control environment or equivalent level of security protection appropriate for the information involved and the then current security solutions. Supplier shall notify Parker immediately of any actual or reasonably suspected breach to Supplier's security that could potentially result in, or has resulted in: (i) the loss or unauthorized alteration, disclosure, control, access or use of Information; or (ii) an unauthorized access to Parker's information technology systems, operational technology systems, networks, internet-enabled applications or devices or the data contained within any such systems. Supplier notice to Parker shall provide a full description of the breach, and Supplier shall (i) promptly take all steps reasonably necessary to investigate, mitigate and/or resolve the breach; (ii) share with Parker any information that subsequently becomes available to it which may assist Parker in investigating, mitigating and/or preventing any effects of the breach on the Parker information technology systems or Information; (iii) obtain Parker's consent prior to submitting or sending to third parties any communications, filings, notices, press releases, or any other reports relating to the involvement of Parker information technology systems or Information in the breach; and (v) provide any additional information, take any other additional steps or remedial measures, at Supplier's sole cost, as determined to be reasonably warranted by Parker. Parker shall have the right to audit Supplier or, in Parker's sole discretion, to request Supplier to provide to Parker written proof of Supplier's compliance with this Section 14.

15. TERMINATION: Parker may, upon notice to Supplier, immediately terminate all or any part of any purchase order and agreement (if applicable) if Supplier (i) repudiates, breaches, or threatens to breach any of the terms of the purchase order or agreement; (ii) fails to perform or deliver or threatens not to perform or deliver the goods and/or services in accordance with the purchase order or agreement; (iii) fails to meet Parker's quality requirements and fails to correct the failure immediately following Supplier's receipt of written notice from Parker identifying the failure; (iv) enters or offers to enter into a merger, spin off, sale or exchange of stock or other equity interests that would result in a change in control of Supplier, and/or a transaction that includes a sale of all or a substantial portion of the assets used for the production of the good and/or services pursuant to the purchase order, without the prior written consent of Parker; (v) fails to remain competitive with respect to quality, technology, delivery, service, or pricing; or (vi) fails to provide Parker with adequate assurance of Supplier's ability to timely perform any of Supplier's obligations under the purchase order.

Parker may terminate any purchase order or agreement, if applicable, and Supplier's performance hereunder

immediately without incurring liability to Supplier upon: (i) Supplier's insolvency; (ii) filing of a voluntary petition in bankruptcy or insolvency by Supplier; (iii) filing of an involuntary petition in bankruptcy or insolvency against Supplier; (iv) appointment of a receiver or trustee in bankruptcy or insolvency for Supplier; or (v) any comparable event under any Law.

Parker further reserves the right to terminate Supplier's performance under this purchase order and any applicable agreement in whole or in part at any time without cause by giving written notice, whereupon Supplier will cease performance immediately and will take such actions as are necessary to protect property in Supplier's possession in which Parker has an interest. Supplier will promptly advise Parker of any items acquired in anticipation of completion of its performance under this purchase order. Supplier will comply with Parker's instructions regarding the disposition of such items. Supplier will submit all claims resulting from such termination within thirty (30) days of its receipt of such notice. Parker will have the right to inspect Supplier's records, facilities, work, and materials relating to its performance or anticipated performance of the purchase order to establish the value of Supplier's claims. Parker will pay Supplier, without duplication, the purchase order price for finished work accepted by Parker and the cost to Supplier of work in progress and raw materials allocable to the terminated work based on Parker's audit of Supplier's records, using generally accepted accounting principles; however, the amount due to Supplier will be reduced by the following: (i) the market value or cost (whichever is higher) of any items used or disposed of by Supplier without Parker's consent; (ii) the agreed value of any items used or disposed of by Supplier with Parker's consent; and (iii) the cost of any defective or destroyed materials.

Parker will make no payments for finished work, raw material, or other items fabricated or procured by Supplier in excess of the lesser of (i) that ordered; (ii) that for which Parker has issued shipment releases as of the date of the notice of termination released; or (iii) thirty (30) days of supply.

Notwithstanding the foregoing, payments under this Section 15 will not exceed the price for the entire performance specified in this purchase order less payments that would otherwise be made to complete performance hereunder. Payment under this Section 15 will constitute Parker's sole and exclusive liability in the event Parker elects to terminate this purchase order without cause by notice.

16. COMPLIANCE WITH LAWS: Supplier warrants that the goods and/or services supplied hereunder will have been produced or provided in compliance with, and Supplier will comply with, all applicable Laws, including without limitation, those that relate to equal employment opportunity, wages, hours and conditions of employment, discrimination, occupational health/safety, motor vehicle safety, environmental matters, and anti-bribery, including without limitation, the U.S. Foreign Corrupt Practices Act, U.S. Anti-Kickback Act, and the U.K. Bribery Act. At Parker's request, Supplier will certify in writing its compliance with the Laws. Supplier will indemnify and hold Parker harmless from and against any and all Damages arising from or relating to Supplier's, its employee's, agent's, subcontractor's or sub-supplier's violation of Sections 16, 17 or 18. Supplier agrees that, in addition to Parker's termination rights set forth herein, Parker may immediately terminate all agreements and/or purchase orders in the event of a violation of Sections 16, 17 or 18 by Supplier. Parker will not be required to make any payments to Supplier that might otherwise be due if such payments are related to a transaction in which Supplier has violated Sections 16, 17 or 18. Supplier will, unless prohibited by any applicable Laws, reimburse Parker for any fines or penalties levied against Parker in connection with such violation.

The goods and/or services may be subject to certain export, import or foreign trade control laws and regulations including those of the United States, such as the U.S. Commerce Department's Export Administration Regulations and the U.S. Treasury Department's Office of Foreign Assets Control Regulations ("Export Laws").
